

EVID

PREMIUM CEILING SPEAKERS

THE STATE OF THE ART IN CEILING SOUND

Electro-Voice

TWO NEW PREMIUM CEILING (PC) SPEAKER MODELS JOIN THE AWARD-WINNING EVID FAMILY OF USER-FRIENDLY INSTALLED SOUND SOLUTIONS FROM ELECTRO-VOICE.

THE PC6.2 (6.5" TWO-WAY) AND PC8.2 (8" TWO-WAY) ADVANCE THE STATE OF THE ART IN CEILING SPEAKERS BY PROVIDING HIGHER SPL AND BETTER COVERAGE CONTROL THAN PREVIOUSLY AVAILABLE.

The PC6.2 (6.5" two-way) and PC8.2 (8" two-way) are designed to be the most advanced ceiling speakers available today, with superior performance across every detail. Each self-contained unit features a dedicated compression driver for enhanced high-frequency performance and coverage control in comparison to current EVID ceiling speaker offerings. Simplified wiring and innovative new integrated mounting hardware allows for quicker installation into a wide range of ceiling cavities and construction formats.

Both models add increased power handling (100 W), higher output (115 dB / 116 dB), and wider coverage angles (100° / 120°) to the user-friendly installation and low-profile looks that contractors expect from EVID products, complementing the range as a new, high-end option. Ideal for retail spaces, restaurants, theater and stadium concourses, shopping malls, and a wide range of applications where premium-quality distributed audio is required.

“

A NEW LEVEL OF
AUDIO QUALITY
AND AESTHETICS FOR
CEILING APPLICATIONS.

”

KEY FEATURES

- High-performance EV-engineered compression driver. Ultra-wide HF dispersion provides extremely even coverage through room.
- High-excursion woofer provides dramatic low-end frequency extension. Reinforced steel back can provides rigid enclosure to minimize acoustic loss.
- Four-point clamp mechanism and integrated mounting legs enable quick ceiling installation.
- Detachable pass-thru Phoenix-style signal connections simplify installation wiring. Tap selector with 8Ω/70 V/ 100 V operation.
- Fully reinforced ABS UL-rated baffle ensures long life. Fully compliant with UL 1480 and 2043 standards.
